Residence Hall Fire Safety Inspections are conducted during the first few weeks of most semesters. During this process, appropriate residence hall staff members will enter rooms in teams of two to look for improper items and items used improperly.

ANNUAL REVIEW OF HOUSING COMMUNITY STANDARDS

The Department of Housing and Residence Education Community Standards are reviewed each year. Because of its importance, the review process is a formal one that follows the established university rule making procedure as indicated by the Florida Administrative Code and other related state and university regulations.

You are encouraged to get involved with the review process by voicing your input. One of the best ways to do this is to participate in your local residence hall area government and the “campus-wide” Inter-Residence Hall Association (IRHA), 352-392-2171 x10905 or irha.housing.uf.edu, or through the Mayors Council for Graduate and Family Housing, 352-392-2161 x10112. Contact either of these organizations for more information.

Suggested changes are also discussed by staff in Housing and Residence Education, and reviewed by other University administrators including the University’s General Counsel Office.

If you have any questions regarding anything you have read in this document, please contact the Assistant Director of Community Standards: 352-392-2171 ext.10141
